Abstract: The BIA is seeking to renew the information collection conducted under 25 CFR 23, related to the Indian Child Welfare Act (ICWA). BIA collects information using a consolidated caseload form, which tribal ICWA program directors fill out. BIA uses the information to determine the extent of service needs in local Indian communities, assess ICWA program effectiveness, and provide data for the annual program budget justification. The aggregated report is not considered confidential.

This form must be completed by tribes that operate child protection programs. Submission of this information by Indian tribes allows BIA to consolidate and review selected data on Indian child welfare cases. The data is useful on a local level, to the tribes and tribal entities that collect it, for case management purposes. The data are useful on a nationwide basis for planning and budget purposes.
